Role Overview

- Support members in finding reliable backup care solutions
- Build and strengthen Backup Care Circles for families
- Guide members through sourcing and validating local providers
- Improve overall member care experience
- Work closely with Care Operations team

Core Duties

- Engage directly with members to understand care needs
- Identify and connect with reliable care vendors
- Expand the Wellthy Care Network with local providers

- Deliver end-to-end backup care solutions
- Find at least one viable care option within 4–6 hours
- Collaborate on best practices and real-time problem solving
- Manage assigned overnight shift schedules
- Support resource expansion during low-volume periods

Required Profile

- 5+ years childcare or senior care experience
- Strong communication and interpersonal skills
- Proven ability to support families effectively
- Strong problem-solving mindset
- Comfortable working independently
- Familiar with local care provider landscape
- Ability to multitask in fast-paced environment
- Compassionate and member-focused approach

Good to Have

- Bachelor's degree in healthcare or child development
- Bilingual English and Spanish
- Interest in AI tools and emerging technology
- Experience sourcing private caregivers or licensed providers

Shift Details

- Weekend overnight schedule
- Friday 11pm – Saturday 7am
- Saturday 11pm – Sunday 7am
- 8-hour shifts, total 16 hours per week
- Must be available on holidays if shift falls

Perks & Benefits

- Fully remote work setup
- Retirement savings with company match
- Mental health benefits
- Sick days included
- Flexible and evolving care-tech environment

Work Requirements

- Strong internet connection required
- Quiet and professional workspace
- U.S. remote candidates only (some states excluded)
